EXPERIENCE

GENERAL ASSEMBLY
Web Developer in Training, January 2018-Present

Enrolled in a Web Development Immersive course to be trained in front-end and back-end web languages and frameworks. Notable projects include:

Tic-Tac-Toe
A web-app game that allows users to to play Tic-Tac-Toe with a friend while being able to check their individual game history and player stats.

Life Soundtrack
A web-app that allows users to create a journal of their favorite songs. Registered users record their encounters and thoughts on individual songs that were important at different points in their life. The records are then chronologically grouped together in user-defined musical phases.

Project Three
Lorem ipsum dolor sit amet, consectetur adipiscing elit. Nunc nec malesuada mauris, sit amet varius elit. Morbi maximus luctus luctus. Ut malesuada non enim vitae aliquet. Nam in sapien in diam aliquet pulvinar.

AGENCY 451
Graphic Designer, Multimedia Designer, July 2014-November 2017

Designed client projects and materials for internal marketing. Worked in all stages of production for various client video projects to be distributed on television and web.

THE LAIDLAW GROUP
Web & Print Designer, November 2013-June 2014

Created print materials, Wordpress-based websites, and web videos for clients. Designed 70-page catalog for premier hardscape supplier with 5,000+ printed and distributed.

THE CAMBRIDGE INSTITUTE OF INTERNATIONAL EDUCATION
Marketing & Design Associate, April 2012-November 2013

Led company rebranding and creation of web, print, and video marketing materials for domestic and international use.

KI EDIT & DESIGN
Intern, Graphic Designer, May 2010-March 2012

Produced client-commissioned projects for print, web and television broadcast, including TV spots for national brands such as Kellogg's, ComEd and Ford Motors.
